Who was really behind 9/11?

Evidence shows that the 9/11 attacks could not have occurred without high-level complicity from rogue elements within the US government,³⁴ as well as complicity from some of our allies.³⁵ These “secret government” operatives were involved in other successful conspiracies such as Iran-Contra, the 1973 coup in Chile, and the 1953 coup in Iran. “The secret government is an interlocking network of official functionaries, spies, mercenaries, ex-generals, profiteers, and superpatriots who, for a variety of motives, operate outside the legitimate institutions of government.”³⁶

The 9/11 Emergency

■ US involvement in foreign wars, fiscal crises, loss of liberties, growing class divisions, and assassinations of American citizens are escalating – *all as a result of 9/11.*

■ The US taxpayer is actually funding the enemies that our soldiers are fighting overseas. [“Brutal Haqqani Crime Clan Bedevils U.S. in Afghanistan,” *The New York Times*, 9/24/2011]

■ President Obama appointed a Bush-era CIA torture advocate to be his counter-terrorism czar, with unchecked power to order drone strikes, based on weekly White House “kill lists.” [“John Brennan’s new power,” *Salon*, 5/22/2012]

9/11

Do You Believe?

Or Do You Question?

Do you believe...

■ **that the government is telling the truth about 9/11?** In 2006, only 16% of Americans did.¹

■ **that the 9/11 Commission conducted a legitimate investigation?**

The 9/11 Commissioners said they were “set up to fail”² and accused FAA, NORAD and Pentagon officials of giving false testimony.³ Senior Counsel John Farmer was “shocked at how different the truth was from the way it was described,”⁴ yet all who lied were exonerated.⁵

■ **that the US military did everything possible to stop the hijacked planes?**

Air Force fighter jets, routinely trained to intercept hijacked planes within minutes, were not deployed “in accord with preexisting training and protocols.”⁶ “It was hard to figure out how they had failed to shoot down at least one of the planes.”⁷ Surprisingly, the hijackers avoided DC’s high-value targets. Instead of flying a direct path into Pentagon command offices, the plane descended in a sharp pivot to hit a relatively empty section of the Pentagon being renovated,⁸ where military budget analysts were investigating the \$2.3 trillion reported missing on the previous day.⁹

■ **that suspected terrorists operated within the United States undetected?**

FBI field agents who reported suspicious Arabs in flight schools were ordered not to investigate.¹⁰ Some of the suspects lived and trained at US military bases.¹¹

■ **that the hijackers were able to take control of the planes and fly them into buildings?**

Accused Flight 77 hijacker Hani Hanjour, who was “a very bad pilot” according to staff at his flight school,¹² allegedly flew a 757 into the Pentagon in a difficult 270° pivot, as if it were a fighter jet.¹³ Striking the Twin Towers, aviation experts said, was like “threading the eye of a needle.”¹⁴

■ **that plane impacts and fires caused the World Trade Center (WTC) buildings to collapse?**

“Engineers and other experts have been struggling to answer...how the buildings, designed to sustain a jet impact, completely collapsed.”¹⁵ A third steel-framed skyscraper, WTC 7, which was not even hit by a plane, “also collapsed for unknown reasons.”¹⁶ “Sulfur released during the fires—no one knows from where—” accelerated the mysterious melting of steel support beams.¹⁷ 118 firefighters at the scene reported seeing and hearing a series of loud explosions and/or bombs,¹⁸ and many described the collapses as pre-planned demolitions.¹⁹ A whistleblower at Underwriters Laboratories (UL), which had certified the WTC steel, said NIST’s (Natl. Inst. of Standards & Technology) final report on WTC 7 ignored all physical evidence.²⁰

■ **that Muslims were behind 9/11?**

Alleged Muslim hijackers were alive after 9/11.²¹ The FBI “believes that some of the hijackers used false identities,”²² yet it never corrected the names. According to the British Secretary of State, the term *Al-Qaeda* originally referred to a CIA “computer file” of Muslim names.²³ “The Bush administration wanted to use 9/11 as a pretext to invade Iraq... So it tortured people to make them confess to the nonexistent link.”²⁴

■ **that Osama bin Laden claimed responsibility?**

Bin Laden denied any involvement in 9/11.²⁵ The translation of the December 2001 “confession” video was found to be inaccurate and manipulated.²⁶ Bin Laden tapes released later were proven faked.²⁷ “Thus, the 9/11 Commission provided extensive circumstantial evidence of bin Laden’s role in 9/11, based primarily on what it had been told about confessions by prisoners in Guantanamo. It is doubtful that much of [what the prisoners said] would hold up in an independent court, considering the ways confessions were elicited [ie, under torture].”²⁸

■ **that US government officials would not think of murdering fellow citizens?**

In 1962, “America’s top military leaders reportedly drafted plans to kill innocent people and commit acts of terrorism in U.S. cities to create public support for a war against Cuba.”²⁹ The post-9/11 anthrax attacks were disguised as acts of Muslim terrorism but were traced to American “high-ranking military intelligence.”³⁰ “The letters

accompanying the anthrax read like the work of a jihadist, suggesting that their author was an Arab extremist... [but] The killer was an American posing as an Islamic jihadist.”³¹ Framing Muslims for terrorist attacks has a long history, starting with the 1954 “false-flag” Lavon Affair.³² A former CIA

officer said Muslim attacks on US citizens would help promote a security state: “The only chance we have...is for Osama bin Laden to deploy and detonate a major weapon in the United States...which will force Americans to demand that their government protect them.”³³
